To Whom It May Concern:

Re: Letter of Reference/Recommendation for Mr. Pio Y. Park

Dear Sir or Madame:

Mr. Pio Park has been a longtime friend and business associate to the Alaska Natives. Since his discharge from the U.S. Army, he has been active in creating business development and tangible projects with the Alaska Native Corporations since 1981.

His signature strength was his understanding of rural Alaska Natives and their needs in creating jobs via business development. He is a loyal and dedicated individual who has worked to start up various ANC 8(a) namely Chugach, Calista, ASRC and per my request he took over as General Manager of Doyon Government Services (DGS) during my tenure as CEO of Doyon Limited, in 2005.

In the course of a year Mr. Park was successful in getting our DGS to a solid start via winning the U.S. Army Northern Command physical security services in the west coast of CONUS and construction project with the Corps of Engineers JV with a SDVOB in Kentucky.

After, over twenty years of service helping Alaska Native Corporations; Mr. Park has started his own SDVOB small business in Guam and USA. With his experience in government contracting and his loyalty to work, he deserves success in his small business startup. Any assistance rendered to Mr. Park, is greatly appreciated. Thank you.

Sincerely,

Orie Williams
Chairman of the Board
Doyon Limited
